Seizure—Alleged Horse Theft.

BRANDON, April 25.—Detective G.
Kee, acting under instructions from the
Customs authorities has seized the steamer
M. Mosher, plying on the Lake of the Woods,
it being alleged that the craft has been
employed in carrying smuggled lumber to the
North-West angle.

STONEWALL, April 25.—Joseph Morgan was
brought before John Goss, J.P., charged with
having in his possession a horse, but being
Thomas Watts, which was stolen from Capt.
Smith at a place six miles south of here.
Morgan said he bought the horse from a
Fremont man named Howard. The latter ac-
knowledged selling the animal to Morgan and
stated that he had bought it from another
man. The evidence showed that Morgan took
the best from the prize and he was fined
\$10 and costs with the option of serving a
month in jail. The horse was ordered to be
returned to-morrow.

JOHN M. Egan, J.P., was present.

TO SUBSCRIBERS.
The proprietors of the MAIL desire to state that they have made arrangements with the publishers of the New West Farmer to club that journal and the Weekly Mail for the low price of \$2.50 in advance per year. This is an offer which no doubt farmers will appreciate as it gives them the best agricultural paper in the country as well as the best weekly in Western Manitoba, at a subscription very little in advance of that of one of them.

FRIDAY, APRIL 27, 1906.

BRANDON BUDGET.
The New Era, has a splendid stock of paper, tobacco, cigars, cigarettes, etc.—ADVERT.
On Monday evening next, as will be seen by advertisement, a meeting will be held of the local Orange Lodge, No. 512, in Woodworth's Hall. A full attendance is particularly requested.

Mr. G. G. HILLMAN, of Pulasky, one of Brandon's pioneer agriculturists, and a son of the member for West Peterborough, paid us a visit yesterday, and gives the most favorable reports of the farming industry in his locality.

FARMERS in the vicinity are busily engaged in seeding operations, which makes business a little duller than usual. Business men, however, console themselves with the reflection that they cannot have a harvest without a seed time.

Brandon housekeepers and hotel-keepers find a difficulty in maintaining a competent staff of domestic assistants. The wages paid are so high that they either retire into private life after a few weeks' labor, or are contented by some enterprising settler.

The charitable small boy is again abroad. This time he is endeavoring to set fire to the Dominion Navigation House. By the slavery of the agent, the innocent configuration was exposed, otherwise a serious loss might have been caused to the public. Mr. Bennett wants all small boys who feel about with matches to understand that he has got a shotgun which is getting ready for want of use.

It is last month's issue of the enterprising competitor made us say "Mr. Hart has transferred his business to the Holyday, Brant." It should have read, "Mr. Hart has transferred his business to the Holyday, Brant." As the statement might have been misreading, we make this correction in justice to Mr. Hart, who writes us to say that he has no intention of returning from work yet. His "quill" is not yet quite finished, and he would never dream of leaving Brandon.

A large colony of South Islanders are expected to arrive here about the latter end of next week, being sent out under the auspices of Lady Cathcart. The purpose of the immigrants is to form a colony to which their old country friends and neighbors who have contemplated bettering their condition, may come with the assistance of doing so. The Brandon agent, Mr. Bennett, is exerting himself to accommodate the new comers so far as possible, and expects to have arrangements made to satisfy the expectations of the intended colonists.

MR. WILSON is expected to arrive in the present possession of a mammoth stock of the French Canadian brand, which is expected to ply with the assistance of a local agent, between the city and the Winnipeg Advertiser's farm in the country during the summer. Mr. Wilson is naturally proud of his new possession, notwithstanding that some sceptical endeavor to dampen his ardor by the insinuation to the effect that the animal is only an ordinary sheepdog.

PEPPER FISH are now surrounding the city and form a source of interest and attraction in the evenings. They are not however always unattended by less pleasant features. Yesterday two stocks of fish, comprising about twenty tons, and worth some \$1000, belonging to a settler, whose name our reporter did not learn, directly opposite the city, shared the same fate as the worthless dry granite grass.

MR. LANCHESTER, an enterprising hotel and shoe merchant of 7th street and Rosser Avenue, who has been in ill health for some time, has, we are glad to say, under the skilful treatment of Dr. DeFrance, completely recovered his mind and health, and naturally feels a degree of gratitude to his deliverer. Dr. DeFrance is still at the Ottawa Hotel, but expects shortly to be installed in an office of his own, in a central and eligible location.
